

Platinum Edition

## Vegas Movie Studio+DVD

HD Video Editing and DVD Creation Software

Vegas® Movie Studio™+DVD Platinum software offers more power, more features, and a more advanced toolset so you can import and edit video in nearly any format — from DV to HDV. With hundreds of professional effects, filters, and transitions, and added tools for easy soundtrack creation, this software speeds you through even the most complex video projects.

### Easy to Use

- Easy drag-and-drop editing
- Uses basic commands such as Cut, Copy, and Paste
- Built-in *Show Me How* interactive tutorials provide step-by-step help

### Advanced Video Editing

- Import and edit HDV as easily as DV
- Mix HD, DV, and still images in the same project
- Professional-level compositing

### Professional Effects

- Includes over 400 professional video effects and transitions from Pixélan
- More than 20 real-time DirectX® audio effects
- Video effects and transitions are fully customizable

### Enhance Video and Audio

- Adjust and enhance video footage using advanced color correction tools
- Image Restoration removes red-eye from still images
- Noise Reduction eliminates clicks, pops, and other noise from footage

### DVD Design and Authoring

- Create DVDs with backgrounds, motion menus, buttons, text, and effects
- Output in fullscreen or widescreen format
- Includes over 25 themed DVD templates to get you started

### Includes FREE

- ACID® XMC™ software for fast, easy music creation
- 126-page DV/HDV editing handbook *HDV: What You Need to Know*
- Sony Pictures Sound Effects Series™ sampler CD with 174 professional sound effects

### PRODUCT HIGHLIGHTS

- Advanced video, audio, and DVD creation
- Import and edit high-definition video
- Powerful DVD authoring and layout tools
- Hundreds of professional video effects and transitions
- Studio-quality audio tools
- Built-in interactive tutorials
- Includes bonus software and other extras
